WASHINGTON, D. C., Sept. 11, 1869. Several meetings have been held here by prominent citizens, Government ofof the country for the purpose of devising the ways and means for holding a World's fair, or grand International Exposition in the Capital of the nation, to be held in 1871, on a scale of grandeur similar if not surpassing those held London and Paris. From the reputation entire success. The names of the committee comprise those of our leading mer chants, members of the bar, the press, officers of the Army and Navy, &c.

The official announcement of General Sherman's appointment as Secretary of General has not yet entered upon the daties of the office. He will do so to-day. often as he pleases. No doubt the next incumbent will be designated at the expiration of ten days. General Dodge, of its fertility will last to the end of time. Iowa, and Don Cameron, son of Senator Cameron of Pennsylvania, seem to have the "inside track." Don Cameron is a sharp, shrewd, active business man, and has made a great deal of money. Grant has a very exalted opinion of those who are | Specch of George H. Pendleton His Views successful in making the "Gilt." This with the fact that Don is not a prominent character, incline me to think his chances best. Mediocrity and a money getter are sufficient to captivate the President. So set down Don Cameton as the man.

As there has been considerable commen on the fact that the " great financier" did not come to Washington to attend the funeral obsequies of his late associate in an explanation and says: "It is proper tude for the recovery of General Rawlins than Mr. Bontwell, and that he telegraphtelegraphed back that he did not expect from all sources, in currency, of \$167,000,- this immerse amount. Each month, him in view of his being engaged upon his 000. annual report which might be delayed." It was not charged that Bontwell wished his check on his absolute rule in the Cabinet. but his absence was noticed and commented upon. It was thought it showed a public expected from the "great economist." but his organ defends him from a charge not made, and says "that no one had a deeper solicitude for his recovery." -Let the Republican now shield their patron from the poison of its own defence. -In the last Cabinet meeting that General hour against the manner which the Radicals were acting towards the people of the South in the matter of Reconstruction .-So earnest and powerful was his appeal that the President was greatly impressed, and costs fifty million dollars a year. The and Boutwell's resignation freely talked of. | navy costs twenty-five million dollars .-We know that Mr. Boutwell is an aspirant | Why do we need these vast armaments? for the succession and it is through the For what useful purposes are they kept most heartily wished that Providence navy would be ample. Reporter Creswell prevaricates, or rather terest in gold. attempts to deceive, giving out the last words of the dying man as a proof that he did not utter certain words several days previous. The truth is that John A. Rawhis utterances. The President is out "flatfooted" for Davis, the "bitter-ender" of one W. T. Clark, sometime General, date for Congressional honors. He interviewed General Grant, and to the result. According to Grant Hamilton is like Anso." According to the same logic so is and Dent in Mississippi. A few weeks sea without rudder or compass, he is

Useful Mints to our Farmers,

through his favor.

LETTER NO. 1.

LONG CREEK, Sept. 10th, 1869. the opening communication of a series in which I shall endeavor to offer a few useful hints to our farmers in this section.

farming depends principally on the colerops, on good tillage, on ploughing the ground properly and keeping it clean, on avocation, is taxed heavily. the choice management of stock, and on

the care of the orchard and its produce. The earth in general is a compound of

of the National Pinances.

Mr. Pendleton in his speech at his

residence near Cincinnati on the 10th inst. thus refers to our national finances: I have in my hand an official statement of the receipts and expenditures of the federal Treasury, published in pursuance of law, for the three months ending on the last day of June, 1869. It shows the receipts to have been, from taxation and sale of public lands, \$109,847,618.97, or the Cabinet, the Republican, the organ of reducing the amount collected in gold and wasteful, and that they were all in the Who are responsible for the acts of the set forth for the government of the fair. from the customs (\$44,021,834.77) to cur interest of dead, inactive capital. The rency at 332 per cent. the receipts for last report of the Secretary shows that he to state that no one had a deeper solici three months were \$124,551,226.99, or is hoarding \$101,214,336in coin, and more than \$500,000,000 for the year at the \$12,144,000 in currency. Why? To to Washington and take part in the fune there was realized from loans \$44,852,422. six per cent. in gold as interest on the ral ceremonies, and that the President 20 making a total for the three months public debt, and the Secretary is hoarding

tures are stated for ordinary expenses at bonds, giving in the market for them death in order that there might be no \$66,011,024, or reducing the interest on twenty-five per cent. above par. They are the public debt to currency, \$75,161,169, now redeemable. On their face-by the and for payment on account of principal law-in equity, they are payable in legal of the debt, \$49,288,607-a total of \$124,- tender notes. The holders gave legal lack of proper respect which was all the 349,876. This jugglery about the debt I tender for them when legal tender notes hardly comprehend. It seems we bor- were worth not more than half what they the public debt, that I will not weary you rowed forty-four millions, and paid forty- now are, and yet the Secretary of the nine millions, leaving an actual payment Treasury insists on paying a premium of of about five millions, but in order to ef- twenty-five per cent. I will not argue fect this payment there was an excess of again this question. I prefer to rely on honestly according to the contract; pay it revenues over expenditures of forty-five the authority of Sherman, and Morton, millions, and the Secretary paid a pre and Stevens and Ewing. They say the Rawlins attended he spoke for over an mium of \$1,374,680, or more than twenty- bonds are payable in greenbacks. Then five per cent.

EXPENSES OF ARMY AND NAVY The acmy consists of fifty thousand men

Treasury and the bondholders that he up? And, if it is necessary to have so hopes to achieve the Radical nomination many men, why should we have general for the Presidency in 1872; we also know and staff officers sufficient for an army ten that Rawlins was a rock immovable times as great. It is said (I do not vouch in his path to that consummation .- for its truth) that a brigadier general sits in Now take these two facts with the defence | the ante-chamber of the White House and in his organ, that he did not desire Raw-lins' death, when it was not so charged, diture of fifteen million dollars for the and the only correct inference is that he army and eight million dollars for the

would aid him in his vaulting ambition | The last official statement of the value and remove the greatest obstacle to his of all property in the United States was fondly cherished hopes. It has been \$16,000,000,000. The last official statestated in the press that General Rawlins ment of the amount of bonds outstanding had, during his illness, made some remarks is \$2,172,000,000. Taking these as nearly about reconstructing the Southern States, correct the capital invested in bonds is "so as to leave no regrets," and which re- more than one-eighth of the whole.
